

Get paid to help the grid and your community

with the Enphase IQ Battery

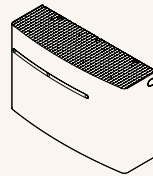

Enroll in the PSEG Long Island Battery Storage Rewards Program today.

New solar and battery storage customers on Long Island may be eligible to receive thousands of dollars in incentives for helping reduce peak demand on the grid as part of the PSEG Long Island Battery Storage Rewards Program. Customers accepted into the program will receive an upfront incentive of \$250 per kWh of usable battery capacity (with a cap of \$6,250 per household) if they sign up through their Enphase installer. For example, an Enphase® IQ Battery 10™ has a capacity of 10.08 kWh and therefore would be eligible to earn \$2,520 from the program.

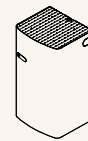

In return for the incentive, participating customers with eligible Enphase IQ Batteries agree to let their battery system discharge energy about 10 times each year during a four-hour window from 2:00 p.m. to 7:00 p.m. between May 1 and September 30 during the program. This energy discharge will occur automatically, and it will not likely be noticeable to the participating customer, because participants keep the functionality of their Enphase IQ Battery, including backup power. Terms and conditions apply.

See the [PSEG Long Island Battery Storage Rewards Program](https://link.enphase.com/psegliny) (<https://link.enphase.com/psegliny>) for details.

Earn cash incentives using your Enphase IQ Battery.

\$2,520

IQ Battery 10
(10.08 kWh)

\$840

IQ Battery 3
(3.36 kWh)

\$5,040

2 x IQ Battery 10
(20.16 kWh)

\$1,680

2 x IQ Battery 3
(6.72 kWh)

\$6,250*

3 x IQ Battery 10
(30.24 kWh)

\$2,520

3 x IQ Battery 3
(10.08 kWh)

*Max incentive amount is \$6,250 per household.

Why Enphase IQ Battery?

Low voltage. High safety.

The Enphase IQ Battery operates with low-voltage DC power, reducing risk associated with high-voltage DC power.

IQ™ Load Controller.

Turn power-hungry appliances on and off automatically or manually from the Enphase® App to conserve your battery life when running in backup power mode.

Modular and flexible.

The Enphase IQ Battery is modular and expandable. This gives you flexibility in selecting the battery size. It's also smart enough to update itself automatically over the internet to deliver the latest software and features.

Power you can tap into.

The Enphase IQ Battery is managed by the beautifully designed Enphase App, meaning you're just a tap away from tracking how much energy you've saved, managing how much energy is available for backups, and more.

Enroll now. Incentives are limited in the PSEG Long Island Battery Storage Rewards Program.
